College of Emergency Nurses of New Zealand

Our mission statement:

Emergency nursing is a speciality within a profession.

We aim to promote excellence in emergency nursing within New Zealand/Aotearoa, through the development of frameworks for clinical practice, education and research.

Role of the College of Emergency Nurses:

- » To encourage and assist in the establishment of education programmes for emergency nurses.
- » To develop and review standards for emergency nursing practice.
- » To develop and disseminate current standards for emergency nursing practice.
- » To provide official representation for emergency nurses and liaise with appropriate authorities on issues relevant to emergency nurses at local, national and international level.
- » To provide professional communication through publications, meetings and conferences.
- » To allow opportunities for the membership to present and discuss the practice, research and future direction of emergency nursing.
- » To promote interest and research in the field of emergency nursing.
- » To support the objectives of the New Zealand Nurses Organisation.
- » To ensure the Treaty of Waitangi is reflected in all activities of CENNZ.
- » To promote and support emergency nurses in advanced practice roles.

NZ Triage Course

Triage of patients with undifferentiated illness or injury is an advanced skill, requiring an expert level of theoretical knowledge and a high degree of skill in practice.

CENNZ encourages all nurses whose practice incorporates the advanced skill of triage to seek the opportunity to participate in the NZ Triage Course developed by emergency nurses for emergency nurses.

The NZ Triage Course is held throughout New Zealand.

Other courses endorsed by CENNZ

Trauma Nurses Core Course (TNCC)

Emergency Nurse Paediatric Course (ENPC)

Advanced Emergency Nurses Network (AENN)

- » To provide educational and networking opportunities for nurses in advanced practice roles working in emergency care settings.
- » Three study days are provided per year.
